

EXT. SCENIC FORESTED HIGHWAY- DAY

Brake lights shine in the light rain as a Victory Red Chevy Aveo Sedan pulls over to the side of a country road surrounded by trees. With the engine running, a man hops out of the driver's seat and races around to the other side of the vehicle to take a leak.

A Sasquatch runs out of the woods and hops into the driver's seat, taking off with the car. As the man with his pants down watches his car drive off, a beastly arm reaches out of the driver's side window, showing the thumbs up sign.

INT. CAR - DAY

A monstrous hand switches radio stations.

NEWS REPORTER #1

Federal authorities are investigating several apparent sightings of a legendary ape-like beast at a nature reserve in Michigan.

EXT. SCENIC LAKESIDE HIGHWAY - DAY

We see the two people kissing in a parked Rally Yellow Cobalt SS Supercharged overlooking Lake Michigan. Their heads drop out of view, lying down together.

NEWS REPORTER #1

This is the latest of a sudden abundance of cryptozoological species that have allegedly surfaced.

On "surfaced," a dinosaur-like creature emerges from the water - the Loch Ness Monster.

CUT TO:

EXT. SNOWY HIGHWAY - DAY

With white hills on all sides, a Sunburst Orange HHR zips by on a lightly frosted road. A little boy with his hand pressed against a backseat window trades smiles with an

Abominable Snowman. The boy's parents do not notice the Yeti.

NEWS REPORTER #2

In other news, the American public's response to the new line of Chevy cars and crossovers has been extraordinary.
